Syrups +50p

We've worked with local coffee roaster Two H Coffee to produce our very own espresso blend consisting of beans from Honduras & Ethiopia. The result is a creamy cocoa body with notes of cashew nut, and fruity & winey undertones of mango & berry.

70% Honduras 30% Ethiopian.

OUR TEAS

We've partnered with Kandula Tea for a better quality tea and a healthier beverage. As well as the climate and soils in Sri Lanka providing the perfect conditions for growing tea, Sri Lanka's location close to the equator means that all of the tea crops are naturally higher in antioxidants than other teas.
